

STREAMING GUIDE

New West Symphony's Holocaust Remembrance Presentations will appear on this Media Player and viewable on Desktops, Laptops, Tablets, Smartphones, and SmartTVs.

HOW TO WATCH

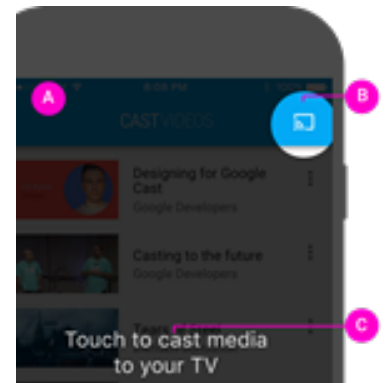

How to Watch on Your Smart TV From a Windows or Apple Computer, Mobile Device, or Tablet

You do not need a password to access the broadcast. A media player will replace the banner on this page <https://newwestsymphony.org/virtualconcerthall/>

Please join us at least 15 minutes before we begin the broadcast. Please make sure that you have an appropriate speaker volume for the sound.

If you'd like to mirror the screen on your computer to your SmartTV, please use the following instructions:

- A: Connect your device (tablet, laptop or smartphone) to the same Wi-Fi network as your TV.
- B: Click on CAST Button on your device
- C: When the broadcast begins, on your device select the name of your TV.
- When Cast changes color, you are successfully connected.

How to Watch on Your TV Using a Computer and HDMI Cable

To connect your computer to your TV, attach an HDMI cable to your computer and connect it to your television's HDMI slot. You may need to change your television's input in order to see your computer's screen (varies by model of television). You can use your computer to control the television screen; your TV's remote will not work.

For questions, please contact the NWS Office at

(805) 497-5800 or (866) 776-8400.
