There is an art to conversation. Sometimes we all wish we had said something other than what we did say to resolve a problem. Join the exceptional Esther Bleuel, TOUGH TALK COACH, for an interactive conversation to learn how to contribute to that positive outcome using the right words at the right time. Esther will guide us in sharing topics of personal interest such as being stuck in unexpected relationship issues. You might be shying away from conflict or repeating behaviors that aren't successful. Your sweet tooth will be rewarded, too, during this special occasion with Esther at a private Westlake Village home. Let's Talk!

Reservations can be made online at newwestsymphony.org. For more information, contact Nadine Kawaguchi (n.kawaguchi@sbcglobal.net) or phone 805-435-2781.
